Payment Term

Typically, the payment terms specify the period allowed to a buyer to pay off the amount due.

This section helps to make the clients' invoicing easier and faster by allowing to use auto-invoicing profiles.

Name \$	Invoicing Cycle		Grace Period(days)	¢	Notify(days)	¢	Usage Count ≑	Action
	All	•	All	•	All	•		
		Adding	g Payment Term					

Field Name	Description
Name	The name of the payment term.
Invoici ng Cycle	 You can specify the exact day or the frequency of payments here. There are some options as below: Day of month: Invoice on a specific day of the month. You have to select the day in the next dropdown list. Example: If you set the 1st, you have to pay for the 1st of the month. Every: Set the specific number of the day that frequency of payments. You have to select the number of days in the next drop-down list. Example: If you set the number is 40, the second payment will be happened 40 days after the first payment. Day of Week: Invoice on a specific day of the Week. You have to select the day in the next dropdown list. Example: If you set Monday, you have to pay for every Monday of the week. Some days of Month: Set some specific day of the month that frequency of payments. You have to input the day in the next textbox. Days are separated by commas. Twice in a Month: You have to pay twice in a month: 15 and last day.
Grace Period	Period that specifies how much time the client has to pay the bill after he was invoiced, it's the Due Date in invoices.
Notify (Days)	Here you can set how many days before the payment date (invoicing date + grace period) reminders will be sent to the client. For example, if you will enter <i>10</i> as a value, the reminder will be sent 10 days before the payment date.

After filling in all fields, click Save icon to save and click on Delete icon to remove this record.
